

Does your child have a diagnosed disability such as Autism, ASD, ADD, ADHD, learning difficulties, intellectual disability or physical disability?

Have you thought about applying through the NDIS for funding to support your child to access therapies, develop life skills and explore the community?

Life Without Barriers offers complementary pre-planning meetings to assist families with planning and applying for an NDIS plan for your child.

If you would like assistance with applying and pre-planning for your child or you would simply like further information about services we offer and the NDIS please contact us.
