

# **SCHOOL HOLIDAY PROGRAM**

## **FOR YOUNG ADULTS WITH A DISABILITY**

Do you care for a young person with a disability? This may be something such as Autism, ASD, ADD, ADHD, learning difficulties, intellectual disabilities or physical disabilities.

Are they aged 12-18 years old and attending school? Are they registered with Disability Services Queensland?

If so your young person is eligible to attend our school holiday program

(Current NDIS clients not eligible)

We have activities throughout the holidays including things such as bowling, fishing, movies, craft days and cooking days with experienced support workers to assist and support your child.

All activity costs are covered... you just bring your lunch!

If you would like more information about eligibility or you would like the program for next school holidays please contact us as we are registering expressions of interest today!
